

Help us keep Tahoka clean and beautiful!

WAYS TO KEEP TAHOKA CLEAN

Make sure junked vehicles cannot be seen from public view

Only items customarily used or designed to be stored outside that are made of material intended to handle weather exposure may be placed outside for storage. Examples are lawn furniture and landscaping items.

Take large disposed items to the City Landfill instead of setting these items in the alley or around the dumpster.

Grass and weeds need to be trimmed or mowed before they reach 7" in height or grow over the curbs and gutters.

Its Starts with you!

Remember to Utilize your City Services:

Tahoka City Landfill is open Monday– Thursday 8:00am-4:30pm and Saturday 8:00am-2:00pm (Closed Holidays and Sundays).

Residents are not charged for the first 1,000 lbs. per month with their current water bill.

City offers one free truck and trailer load of tree limbs per month.
